HEREBY DECLARES

under the terms of its responsibility

To promote circular approaches that prioritise sustainable non-toxic re-usable products and re-use systems over single-use products, aiming first and foremost at a reduction of waste generated, with the main aim to ensure sustainable consumption and production patterns, by retaining the value of products and materials for as long as possible and generating less waste.

Comelit Group SPA knows, understands and shares the efforts that European Union is going to adopt about a proper waste management and every action for the prevention of all litter, in particular for plastic waste to ensure that all plastic packaging is recyclable by 2030.

In addition Comelit Group SPA is taking care to the new measures that European Union is going to introduce in matter of restrictions for single-use plastic products with the intention to adopt a sustainable lifecycle for its packaging.

The single-use plastic products, as for example lightweight plastic bags, shall be addressed by one or several measures, depending on various factors, such as the availability of suitable and more sustainable alternatives, the feasibility to change consumption patterns, and the extent to which they are already covered by existing Union legislation.

Comelit Group SPA to choose the measures which are most appropriate based on the nature of the product or its use.

Comelit Group SPA takes awareness raising measures ensuring most appropriate waste management and already adopts a proper system of waste disposal through the collaboration of authorized companies and in according to standard ISO 14001:2015.
